

Giving to others is the RTO/ERO way

RTO/ERO Districts are helping those in need

Every year Districts send in applications to the Project – Service to Others committee for funding to help with special projects in their communities and abroad. This year the committee granted funding to 30 projects out of 36, with a maximum of \$4000 per project with a grand total of \$100,000.

Some of the funding has been used to help Habitat for Humanity, a youth fitness program and it has also reached as far as Guatemala to help with home upgrades for poor families.

Project – Service to Others is about giving back and we are proud of the Districts listed who are contributing to the projects below.

District Number and Name	Project Name and Contact Information	Amount granted
